Stories and lessons from cancer survivors

15-40 Connection is saving lives by teaching people how to detect cancer early.

In this 30-minute webinar, you will:

- Hear cancer survivors' stories, lessons, and insight on the difference early detection can make
- Learn tools for recognizing health changes and knowing when to act on symptoms
- Understand strategies for working with your healthcare provider.

This education works for all ages, and empowers people to take control of their health.

Please register for either of the webinars at the links below. Take advantage of this opportunity. It only takes 30 minutes.
